GREETINGS!

SAS Savvy December Newsletter

SAS Savvy Wishes you a Happy New Year!

We wish all SAS Savvy members a warm and safe holiday!

New year comes with new SAS classes at UCSD, UCLA and SAS Institute India.

Congratulations to Heidi Ngugen from United Health Care for winning the Sharpening Your Advanced SAS Skills book at the recent LA/OC SAS User group meeting.

New member quotes:

Feedback from ComplianceOnline CDISC webinar student -

This was helpful in grasping the scope of setting up the domains and mapping them appropriately using macros from excel. At the end of talk, an email address was given which could be used to ask questions or receive a free trial membership to SASSavvy.

Help spread the word about SAS Savvy. Missed the recent [SAS Savvy Open House](#)? Watch the [video recording](#) now and see what's new.

To continue to navigate SAS Savvy, you can use the standard left side menu or the new Site Mind Map which should take you to each page.

SAS Job Aids	SAS Programming Tasks	Savvy Resources
------------------------------	---------------------------------------	---------------------------------

These are the three levels to fit all SAS programmers. I hope these levels make it easier to find SAS papers and tips to address your questions and needs. Let me know what you think. Remember, free SAS technical support is just an e-mail away.

Beginner SAS Programmer

Advanced SAS Programmer

Macro SAS Programmer

SAS Savvy Updates

Below are updates made in December. Cannot wait till the end of the month for updates? You

can subscribe to [free daily updates](#).

1. On the [Proc Expand](#) page, I added two SAS papers on imputing partial dates.
2. In the [Proc Tabulate](#) page, I added a paper on formatting output from Proc Tabulate.
3. On the [Statistical Analysis](#) page, I added two papers on PROC SURVEY.
4. On the [Proc Datasets](#) page, I added a SAS paper. On the SAS Version 9 page, I added two SAS papers on new functions such as VVALUE().
5. In the [DATA Step and Merge](#) page, I added three SAS papers on snapshots and how to compare them.
6. See my [Sharpening Your Advanced SAS skills presentation](#) from the recent meeting at Cal State Long Beach LA / OC meeting.
7. In the [common FAQ](#) section, I added a tip on nested functions converting variable types.
8. In the [common FAQ](#) section page, I added a tip on identifying the record associate with the minimum or maximum value using PROC MEANS/SUMMARY.
9. In the [Lab Processing](#) page, I added a SAS paper on mapping to LB domain.
10. New year, new menu. Try out the new SAS Savvy popular links menu for faster topic lookup. Let me know what you think and how much time you saved.
11. See the CDISC presentations at the recent 2015 meeting in Chicago.
12. On the [Proc Report](#) page, I added a paper showing a macro to create indents.
13. On the [CDISC](#) page, I added some papers to show methods for subsetting SDTMs that include methods for data cutoff.
14. On the [project management](#) page, I added some SAS papers on better management of offshore projects.

SAS Savvy Training

SAS Savvy training covers new SAS topics and requests. Please see the video recording if you missed the live session. Below is the schedule for the next training sessions. As always, please [e-mail](#) me your favorite topic.

Which Direction is your SAS Array?
