GREETINGS!

SAS Savvy June Newsletter

Gupta Programming Shines with Service Awards!

Dedication to master SAS programming and focus on member's needs are what makes SAS Savvy a unique resource.

Gupta Programming is happy to receive the following two awards this month for their excellent service and focused training:

- 2016 Best of Simi Valley Award

- Best in SAS® Training 2016 Technology Innovator Awards - California & Most Innovative Healthcare Data Management, Corporate Vision.

New member quotes:

'Sassavvy.com is very helpful, self learning. I really liked it very much. Thank you', Ramya

'Hello Sunil, I have been Premium member of SASSavvy for last 2 years, I like to join with you for future SAS endeavors and discussions. Thank you for all your inputs and sessions.' - Sudhir Kedare

Savvy members can take advantage of free technical tips, resources and mentoring to secure their first position in the industry. Help spread the word! If you missed the recent popular presentation, you can view the [video recording](#) to see how SAS Savvy provides an invaluable resource to save you 30% in SAS programming by leveraging your SAS experience and building on your knowledge. See the recent [SAS SAVvy Open House video recording](#) if you missed it.

To continue to navigate SAS Savvy, you can use the standard left side menu or the new Site Mind

Map which should take you to each page.

SAS Job Aids	SAS Programming Tasks	Savvy Resources
------------------------------	---------------------------------------	---------------------------------

These are the three levels to fit all SAS programmers. I hope these levels make it easier to find SAS papers and tips to address your questions and needs. Let me know what you think. Remember, free SAS technical support is just an e-mail away.

SAS Savvy Updates

Below are updates made in June. Cannot wait till the end of the month for updates? You can subscribe to [free daily updates](#).

1. On the [Macro Programming](#) page, I added a link to this paper to help write user guides - IN-HOUSE SAS ® USER'S GUIDES: SITE-SPECIFIC INFORMATION AND CONVERSION GUIDES, Bruce Gilson.
2. On the [DATA Step and Merge](#) page, I added a link to this SAS paper which features multiple SET statements - Multiple Set Statements in a Data Step: A Powerful Technique for Combining and Aggregating Complex Data by Renu Gehring.
3. On the [common FAQ](#), I added a question about merging a set of constant variables to another dataset to add records.

SAS Savvy Training

SAS Savvy training covers new SAS topics and requests. Please see the video recording if you missed the live session. Below is the schedule for the next training sessions. As always, please [e-mail](#) me your favorite topic.
