# *SAS Savvy June Newsletter*

## **PhUSE Conferences have Great Content! See me at Hyderabad, India PhUSE SDE in July!**

At the recent PhUSE in Raleigh last month, I attended many great presentations by FDA and key industry leaders. I encourage SAS programmers to attend or review PhUSE papers since they have great content. Soon, I plan to include selected PhUSE papers in SAS Savvy. I also received positive feedback on my presentation on Proc SQL Fuzzy Join. I also enjoyed meeting many SAS programmers from India. With just two weeks remaining, I am looking forward to my trip to India to give the keynote speech at the [Hyderabad PhUSE SDE](#). Hope I can meet you there!

Feedback from recent CDISC SAS Savvy training on SUPPXX domains. 'Thanks so much for this extra info from your training! I enjoyed the training a lot so hope to attend more if I can fit it into my schedule. All the best', Marla Husnik. Members have access to the video recording.
